

# CORKSCREW ONION

ALLIUM SENESCENS VAR GLAUCUM

THE EVERGREEN LEAVES OF LATE BLOOMING CORKSCREW ONION, LIKE ITS NAME SUGGESTS, SWIRL AROUND LIKE A BLUE GREEN COWLICK. THEIR FUN-TEXTURE ADDS SPARKLE TO THE FRONT OF ROCK GARDENS, HERB GARDENS, OR BORDERS. THE BUTTERFLY AND BEE ATTRACTING BLOOMS APPEAR IN LATE SUMMER AND ARE LIGHTLY FRAGRANT, PINKISH POMPOMS WITH BRIGHT YELLOW STAMENS. DROUGHT-TOLERANT AND DEER RESISTANT, THIS LITTLE ALLIUM WILL REACH 10"-14" HIGH IN BLOOM AND FORMS DENSE, SLOWLY SPREADING, COWLICKY CLUMPS. FUN!

SUN TO PARTIAL SHADE ZONES 4-10
